MoU between Kurdistan Businessmen Union and GIX organizers

GIX organizers signed a Memorandum of Understanding with the Iraqi Businessmen Union Kurdistan region, based upon interest of the union's members to participate in GIX. The organizers welcomed this initiative, considered it as a true reflection of Iraqi Kurdistan businessmen's interest in participating in all development efforts for their country.

The MoU was signed by Mr. Hersh Al-Tayar Chairman of Iraqi Businessmen Union Kurdistan Region and by Mr. Murtada Kamal Eldin CEO of I-vision for Public Relations and Media on behalf of the event organizers.

"Iraqi businessmen in Kurdistan region consider the Gulf as the most important partner in rebuilding Iraq, we ask our brothers in the Gulf to access Iraq through its ideal base Kurdistan and its near future gate. We ask them to go to Iraq through its northern region where they can find encouraging security and geography and huge investment opportunity". Mr. Al-Tayar stated upon signing the MoU in I-vision Company in Amman.

On the other hand, an increasing number of reputable companies from the Gulf, Middle East and all over the world are registering to participate in GIX activities since it is the first of its kind held by the Iraqi government in the Gulf region seeking the right partner to implement development projects in all provinces, and thus will provide these companies with great opportunity to win contracts and business agreements directly with the participated Iraqi ministries and companies from both public and private sector.

The Union, according to the Memorandum, will be in charge for the registration process of its members through the union branches

in Erbil, Sulaimaniya, Duhok and Kirkuk. The union will also promote for the event in its region to gain more participants.

More and above, valuable contact information of the Union will be available in the event directory to facilitate reaching it by the interested investing companies from outside Iraq.
